

Give the Gift of a Smile

The holiday season is almost upon us! As always, its hard to believe that it is almost here. But, maybe this year we can help you with the age old problem ofhe/she has everything. What can I possibly get them this year?

Sound familiar! After years and years of gift giving it can get extremely difficult to find a gift that has importance, keeps on giving year after year and satisfies a true and pressing need of a friend or loved one. Well, have you ever thought of giving someone a SMILE!

Do you know someone who has always wanted to fix their broken down smile and make it one of beauty? Have you noticed that someone you care for tends to smile without showing any teeth? Kind of looks like they are always angry. They may not smile because after years and years of looking at themselves in the mirror, their broken or chipped teeth have caused them to become self-conscious. Sometimes they don't even realize it themselves until it is pointed out in a family photo taken during an occasion such as a wedding or holiday gathering.

Sometimes this can even be detrimental to someone looking to re-enter the workforce or change jobs. It is commonly agreed by the experts that the first thing most people notice during an initial interview is the applicant's smile. Just look at magazine ads and you will quickly see how important a bright smile can be to your overall appearance.

We can help! Today, with modern cosmetic techniques like porcelain laminates and porcelain crowns, we can make changes almost immediately. In just two short visits we can fix that chipped tooth, correct twisted and rotated teeth and change your smile into one that radiates happiness and good will.

Tired of looking at your husband's or wife's dingy teeth across the dining room table? Well, we can help there as well. Using a combination of in-office and take home whitening techniques you or your loved one can have whiter teeth in just a matter of hours. We truly can change that frown into a smile.

Let's not leave out your kid or parents. They too can benefit from the wonders of Cosmetic Dentistry. Please give us a call so we help you gift wrap that SMILE for the holidays.

As always we welcome the referral of your business associates, friends and relatives. Your dental team,

Cary, Joanne, Barbara, Michelle, Cassandra, Dean and Jan
