A Bit of Humor

Psychiatrist's Best Friend

A man walked into the office of the eminent psychiatrist Dr. Heidberg, and sat down to explain his problem. "Doctor, doctor! I've got this problem," the man said. "I keep hallucinating that I'm a dog. It's crazy. I don't know what to do!"

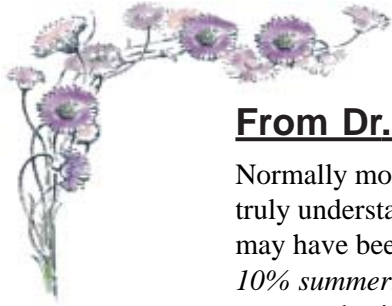

"A common canine complex," said the doctor soothingly. "Relax. Come here and lie down on the couch."

"Oh no, Doctor," the man said nervously, "I'm not allowed up on the furniture."

From Dr. Ganz - "Dentistry Can Be A Day at the Beach"

Normally most patients just don't want to spend any of their precious summer time in the dental office. I truly understand the feeling but would suggest that now is the time to take care of those problems that you may have been putting off due to a *lack of time*. To help you make this decision, we will be providing a *10% summertime "Day at the Beach" discount* to anyone who makes an appointment for dentistry presented prior to August and starts that treatment during the month of August. **This is a one time offer so call NOW!** We'll do our best to keep the sand out of your teeth.

What's New

Our website is divided into several sections based upon their content. When you first reach our website, located at <http://www.ganzdental.com>, you will land on our homepage. The uppermost portion of the homepage contains a navigation bar that is divided into a variety of sections.

The middle of the home page contains links to some of the more important information contained within our site. In this section you will find a link to our Welcome Package, a compilation of a wide variety of interesting and informative articles concerning your dental care. You will also find a link to a page that contains a copy of our medical history form. If you are new to our office or want to update your medical history you can download this document, complete it in the comfort of your own home and bring it with you at your next appointment. Another important aspect of this section is the Request An Appointment link. Click on this link and you will be taken to a section where you can request an appointment at a time convenient for you. **We will notify you if this appointment is available.**

At the bottom of our homepage is a section devoted to What's New at the office, a section that provides links to all of the dental services we provide and a third section that contains all of our pertinent contact information.

Our website has grown dramatically over the past several years. As many of you already know I am a bit of a computer nerd and spend, according to my family, much to much time at the computer. This website was totally developed by me and I tend to add content on an ongoing basis. Some of the other areas that may be of interest to you are Have a Dental Emergency where I provide a fact sheet covering many if not most of the potential emergency situations that may arise. This area is reachable by clicking on the navigation bar button.

Feel free to wander around our site and please take advantage of the many features we have tried to include in order to provide you with up to date information regarding your dental health.

**We welcome the referral of your families, friends and business associates.
Please ask them to mention your name when they call.**
